

Flexible Rental Options

Each resort condominium is distinctively designed and consists of one main suite in the center of the condo with two adjoining hotel-style guestrooms on either side of the main suite. The adjoining guestrooms act as "lock-outs" allowing for multiple rental options.

The main suite includes a king bedroom with French doors that open to a full kitchen, dining room and living room and a private deck or patio. Each adjoining "lock-out" on either side of the main suite includes two queen beds, a full bath, and a private deck or patio.
